## *A view from my window*

Hi everyone! I hope you are excited to take part in the Moston Lane Lockdown Art Competition!

The theme for this competition is '**A view from my window**'. This means you can use ANY media (pencils, crayons, pastels, paint, collage, clay etc.) to create a piece of artwork which represents the view from your window.

You could create a representation of:

The actual view from your window

An imaginary view from your window (e.g. a window into your dreams)

The view you want for the future when you look out of your window

Therefore, it is completely up to you what you want to create! We felt this idea was fitting for our competition as we are all spending a little more time at home and there are so many different views from our windows.

Please keep your artwork safe at home for the moment and when it's finished take a clear picture and e-mail it to me

at [y5@mostonlane.manchester.sch.uk](mailto:y5@mostonlane.manchester.sch.uk)

Once we are back at school the artwork can be sent in and we will make an exhibition of all the entries!

Once we return to school the winners will be announced! They will receive a certificate and their work will be displayed in school and on the website!

Watch this space to find out more about the prizes.

**That means you have 3 school weeks to complete this Art project as the closing date for submission will be Friday 12th February.**

**Also there will be 2 extra certificates - one for the best submission from a grown up at home and one for the best submission from a member of staff at Moston Lane Primary. This means everyone can get involved, no matter how young or old!**

### **Some suggested steps for getting started:**

Start sketching and gathering some ideas and views from your window, looking at composition and a subject or view that interests you.

Take your pen for a walk and sketch the view first.

Think about these questions:

Do you want to include the window frame or not?

Do you want to include an interior scene with outdoors?

What view do you get in different directions?

Is there something that is fun or sends a message?

Can ordinary everyday objects make an interesting subject?

Include the main shapes and ideas in your sketch. Include the tones so you pick out lights, darks and medium shades.

You can work in any medium that you like. Think about complementary colours and mix them rather than straight from the tube (if using paint).
